

SCUTALINE

The soothing cosmetic active ingredient for overworked skin

SCUTALINE is the natural cosmetic active for **overwhelmed skin**.

Extract from the roots of the skullcap (TCM), this active ingredient with soothing and regenerating properties allows the skin to fight **inflamm'aging**.

The double preventive and curative effect of SCUTALINE makes it possible to delay or erase the excesses of life.

Skin aging is accompanied by this **global well aging active ingredient**.

INCI : *SCUTELLARIA BAICALENSIS*
ROOT EXTRACT

Use level: 1 to 2%

pH≈ 4.0-5.5

Density at 20°C≈ 1.06

Miscibility: water, alcohol, glycol

Appearance: clear to slightly opalescent liquid, yellow-green to red-orange

Excellent tolerance

Pending:

COSMOS APPROVED

For who?

Active population with overwhelmed skin

For what?

Prepare the skin for long-term **well aging** by preventing from **inflamm'aging** (Secret Killer)

How?

Action against the appearance and spread of **SENESCENCE**.

Prevents the spread of « **ZOMBIE CELLS** »

NATURALLY enriched in bioactive ingredients **by an innovative patented process:**

-Wogonin

-Baicalein

SCUTALINE

Prevention of senescence on young skin

Prevention of cell transformation into senescent cell
SA- β -galactosidase – 44%

SKIN COMFORT
Short-term benefits:
Hydration +43%
